Livingston's Trade List for 1900.

True
Blue
Seeds.

The Livingston Seed Co..

114 North High Street,

Columbus, Ohio.

②②② To Dealers ②②②

COLUMBUS, OHIO, January, 1900.

THE quotations in this Trade List are intended for DEALERS ONLY. We expect to bill at prices given as far as possible, but should any of our stocks run short we reserve the right to decline orders or advance price.

WE DO NOT PUT OUT VEGETABLE SEEDS ON COMMISSION.

At the prices quoted, customers must pay cost of forwarding. When desired we will send by mail, but when this is done postage will be added to the invoice at the rate of eight cents per pound. Quarter-pounds will be supplied at pound rates; quarter-bushels at bushel rates.

We make no charge for cartage, boxes, barrels or packing. Bags only are charged for, and at cost, which is from 13 to 15 cents each.

Terms: All general bills of Garden Seeds are payable June 1, 1900, without reference to date of purchase; or a discount of one per cent. a month will be allowed on all payments made before June 1. Bills to parties buying *special items only* are due in 60 days. Onion Sets, Potatoes, etc., are net cash. Unknown correspondents desiring credit must give satisfactory reference.

SMALL ORDERS FOR SEEDS IN PACKETS, ETC., which cannot be billed at the low bulk prices given in this Trade List will be invoiced at following discounts from prices in our Retail Catalogue:

ALL SEEDS IN PACKETS, excepting those herein quoted, at
50 per cent. discount. 500 packets or more at 60 per cent.
discount.

SEEDS by the ounce, pint or quart, 33½ per cent. discount.

POTATOES by the pound, or Potato Eyes, 40 per cent. discount.

PLANTS in collections, 10 per cent. discount.

BOOKS ON GARDEN TOPICS, 20 per cent. discount.

At these liberal rates of discount the goods must travel at the purchaser's expense, and if by mail, postage will be added to the invoice

Special Notice: We do not supply "cheap seeds," and therefore do not try to compete in price with those who handle them. We furnish the Trade exactly the same quality of seeds that we send to our best Market Gardeners. They are grown either by ourselves or subject to our inspection; hence we feel no hesitancy in saying that they are the purest and best to be found. At the same time, however, it must be distinctly understood, since the success of a crop is dependent upon so many contingencies, as condition of soil, mode of planting, climate, etc., that we cannot warrant our Seeds or hold ourselves responsible for any loss or damage arising from any failure thereof.

ADDRESS ALL ORDERS AND INQUIRIES:

THE LIVINGSTON SEED CO.'S TRADE PRICE LIST.

PLEASE USE OUR "GIPHER" WORDS IN TELEGRAMS.

OUR customers will find a **Telegraphic Code Word** printed opposite each article, enabling them to order by wire at comparatively little expense. For example: "**Five Baneful**" would mean **five bushels Extra Early Round Pod Valentine Beans**; "**Twenty Target**," would mean **twenty pounds Livingston's Beauty Tomato**. The additional word, "**Freight**," "**Express**," "**Mail**," would designate the mode of shipment. Our code is that adopted by the American Seed Trade Association.

LIVINGSTON'S CELEBRATED Tomato Seeds For Merchants.

IN SEALED PACKAGES ONLY.

For the protection of the honest merchant and the grower who desires only true stock of our Tomatoes, we have for several years followed the plan of supplying **Our Celebrated Varieties of Tomato Seeds** in **Sealed** packages **Only**; and hence every package of the **Livingston** varieties of Tomatoes grown at headquarters will be sent out under our **TRUE BLUE SEAL**.

In 1870 we originated and introduced our **Paragon**, which was the first perfectly smooth, **red** variety known. Five years later we introduced the **Acme**, the first perfectly smooth, **purple** sort known. Since the advent of these sorts we have brought out consecutively the **Perfection, Golden Queen, Favorite, Beauty, Potato Leaf, Stone, Royal Red, Aristocrat, Buckeye State, Honor Bright** and **Yellow Prince**. As originators and introducers of these sorts we use the most **assiduous care** in growing the Seeds, and, although these same varieties are extensively advertised by other dealers, yet we do not hesitate to claim **superiority for our Headquarter's Strains**.

We annually supply hundreds of merchants in all parts of the United States with our Tomato Seeds put up in packages for retailing. It is a highly satisfactory and successful method, because it affords a dealer's patrons positive evidence that he is selling the genuine article.

To those who have never handled our Seeds, we therefore respectfully suggest the propriety of trying our plan.

Special Notice.

WE SELL NO TOMATO SEEDS WHATEVER IN BULK.

We put up the seed in **OUNCES, QUARTER-POUNDS** and **POUNDS**, and each package bears our **TRUE BLUE SEAL**.

Packets for retailing at 5 and 10 cents are supplied to dealers at half price.

We Grow all the TOMATO SEED We Sell.

OUR . . **TOMATO** . . FOR
NEW 1900

Livingston's Magnus.

This very distinct and most promising new variety, of the color of Beauty and Acme, is the latest addition by Livingston to the Tomato family. It is thicker, heavier, and more solid than either of the above, making it easily the most handsome sort in cultivation.

It is unsurpassed in quality, and in the production of fine, large fruits. While perfectly adapted to main crop planting, yet it matures so quickly that it will take first rank for early market.

The form is perfect, uniform, large and attractive. Flesh is very firm. It is a robust grower, with short joints, setting its fruit clusters closer together than most varieties, and is therefore a heavy cropper. The fruits are very deep from stem to blossom end, many of them being almost globe shaped. It ripens evenly, does not crack about the stem, and the flavor is most desirable.

We have tested it for several years for staking up in the open field, as well as for forcing in greenhouses, and *we believe it to be entirely unequalled for such purposes.* We offer it in the expectation that it will add to our reputation as introducers of New Tomatoes.

SUMMER FLOWERING BULBS.

Tuberose Bulbs.

THERE is all the difference in the world in the quality of Tuberose Bulbs. We handle stock grown by one man only, and he is an expert. We have seen many strains of "roses" but never discovered another equal to those we have handled for ten years. The country is full of cheap "pick-up" stock grown any way and every way—frequently as carelessly as potatoes.
